

Alisa Smith, MS

Office Manager

Alisa is the Office Manager at **aquilogic**. Her job responsibilities include many aspects of environmental and water sources consulting and general office management duties.

Alisa received a Bachelor of Science degree in Biology from Eastern Michigan University in 2013, and a Master of Science degree in Chemistry from Eastern Michigan University in 2018.

Prior to aquilogic, she spent six years working for a biochemical company with positions in quality control, manufacturing, and research and development, before transitioning to executive support. As an Executive Assistant, she aided the company operation through administrative support, business development, human resources, and project management contributions.

At **aquilogic**, she is currently managing the human resource and office management activities, as well as providing project support.
